Re: Application received on January 13, 2020

Dear DARALYN MCCOLL (224345),

Thank you for applying for Maine certification. We received your application for the credentials indicated below and have performed an initial review. Any listed items below are requirements for the professional certificate or CHRC. You may already qualify for a conditional or an emergency certificate; if you do qualify for either of those it will be listed at the bottom. Maine is a great place to teach!

Initial Teacher Application - Professional- Visual Arts- GRADES K-12

The endorsement you applied for requires student teaching . Please submit transcripts or proof of teaching in the subject area and grade level for which you applied.

This requirement shall be waived upon completion of one full year of successful teaching under a CONDITIONAL endorsement in this endorsement area or completed the student teaching through a state approved teaching preparation program.

You have been issued A THREE (3) YEAR CERTIFICATE. Prior to the expiration date, you must complete all of the requirements below and pass the assessments checked below. YOU WILL NOT BE ISSUED ANOTHER CONDITIONAL CERTIFICATE. At the end of this three year period, you will be able to renew this certificate to a full professional certificate if you have met all of the requirements below and have your district's recommendation for renewal.

Once you have met all of the requirements, to renew to your professional please send in the initial application and the applicable fee.
